

# AW-DRONES

## Harmonizing Drone Standards 1st Workshop

AW-Drones is an H2020 project that contributes to the harmonization of the EU drone regulations and standards. The project supports the European Union rulemaking process in the identification of appropriate technical standards and procedures to enable safe, secure and sustainable operations in the EU Open and Specific categories.

### Workshop objective

The workshop objectives are to validate the first release of the AW-Drones repository and to identify, with relevant stakeholders, priorities and needs for the European drone value chain. During interactive sessions, participants will have the opportunity to share their views with the project team, EASA and EUROCONTROL experts and the Project Officers from the European Commission.

### Preliminary agenda

- 9.30- 10.00 Registration and welcome coffee
- 10.00-10.30 AW Drones project overview
- 10.30-11.30 Workshop objectives presentation
- 11.30-11.45 Coffee break
- 11.45- 13.00 Drone standards state of the art
- 13.00-14.00 Lunch
- 14.00-16.00 Interactive sessions with experts
- 16.00- 16.30 Final discussion and Wrap-up
